Naomi Simmons (Levels 1 and 2)

To be the best you need the best . . .

This six-level course offers a fast-paced syllabus and a wide range of optional resources to support a high number of teaching hours per week. The series starts with an optional pre-school course, *First Friends* (see page 10), before children move on to *Family and Friends*.

- One third of each unit is dedicated to skills training. The step-by-step approach focuses on writing and early literacy skills to build children’s confidence in reading, writing, speaking, and understanding English.
- One in six lessons is a phonics lesson to train children to recognize and produce English sounds. At levels 1–3 the lessons are supported by flashcards, and by more activities on the Student’s MultiROM.
- The civic education syllabus educates children in good values and behaviour. The Photocopy Masters Books at levels 1–2 include 15 values worksheets.
- One lesson per page with clear lesson objectives makes the course easy to teach.
- Accompanying resources, including the Grammar friends series, skills series, Teacher’s Resource Pack, course readers, and Teacher’s Resource CD-ROM allow teachers to focus on additional skills training and means the course can fit different teaching programmes per week.
